IMPORTANT PLAN INFORMATION	
Routine Vision Coverage	CEC vision benefits are for routine eye care. Routine exams and contact lens fittings, as needed, and eyewear are covered by the CEC full-service benefit. Additionally, the CEC benefit now includes a routine retinal screening (digital imaging of the inside of the eye), which helps CEC doctors detect signs of eye disease and chronic health conditions including diabetes, hypertension, and high cholesterol. CEC vision coverage does not include medical treatment or surgical treatment of the eyes. Examples that could necessitate your visit being filed, by your provider, to your medical insurance include diabetes mellitus, glaucoma, cataracts, and other medical conditions.
Promotions	As is true of most vision plans, in-network providers will only allow members to use either their vision benefit allowance or an optical discount/promotion. Members who select the sales promotion (such as "BOGO" or "two-for-one sales") or a steep discount are not eligible for reimbursement from CEC for that purchase. Therefore, members cannot buy their eyewear at the sales promotion and submit an out-of-network claim for reimbursement for that purchase. This also applies to exam discounts. The member will still be able to use their CEC benefit at a later date either through the same provider or through a different provider.
Coordination of Benefits	Coordination of benefits is not permitted, either with respect to other vision plans or with respect to vision benefits under health insurance plans.
Additional Pairs & Overage Discounts	Most providers in the CEC network offer vision plan members a 20% discount on additional pairs of glasses as well as a 20% overage discount on glasses and a 10% overage discount on contacts on amounts exceeding the eyewear allowance. However, by law, CEC providers are not required to offer overage discounts. Before using your eyewear allowance to obtain eyewear, please check with your provider to see what discounts are offered.
Contact Lens Fittings & Evaluations	When seeing an in-network provider, the maximum coverage for contact lens fittings is \$100, and the maximum coverage for contact lens evaluations is \$80. Any amount that exceeds the maximum coverage is not covered.
Non-Prescription Eyewear Policy	Most providers in the CEC network allow vision plan members to use their eyewear allowance for the purchase of non-prescription eyewear. However, CEC providers are not required to extend coverage to non-prescription items, and a few have opted to restrict coverage to prescription eyewear. Before using your eyewear allowance to obtain non-prescription eyewear, please check with your provider to make sure that this is permissible.
Portability Benefit	Existing CEC members who terminate employment will be able to enroll in the CEC portability plan within 60 days of their termination date. Coverage will commence on the first day of the month following receipt of the member's completed form. New membership cards will be mailed to the member prior to their new effective date.
