TRAFFIC FLOW UPDATE

1 Project Zone

The red project zone indicates where site preparation for the Women's Hospital building will occur, beginning May 1, 2017.

2 South Entrance

The South Entrance, also known as the "atrium entrance," is near the Subway restaurant and gift shop. This entrance will be closed to all vehicle traffic beginning May 1, 2017 until project completion in 2019.

3 Main Entrance A - North Tower

Patients and guests will use the primary North Tower entrance. Patients and guests may use the free valet service at the North Tower entrance. A dedicated drop off and pick up zone for skilled nursing and paratransit vehicles is located at the North Tower.

4 North Garage - Visitor Parking

The free parking deck for patients and guests, with employee parking sections as well.

5 Heart and Vascular Center (HVC) Specialty Clinic Parking

Some patients visiting the Heart and Vascular Center Specialty Clinics will be provided a passcode for access to park in the patients only garage under the Heart and Vascular Center.

6 HVC Specialty Clinic Patient Drop Off Zone

To accommodate mobility impaired Heart and Vascular Center patients, a patient entrance will be opened with dedicated parking in the East Parking Lot.
