

We're Renovating *to Serve You Better*

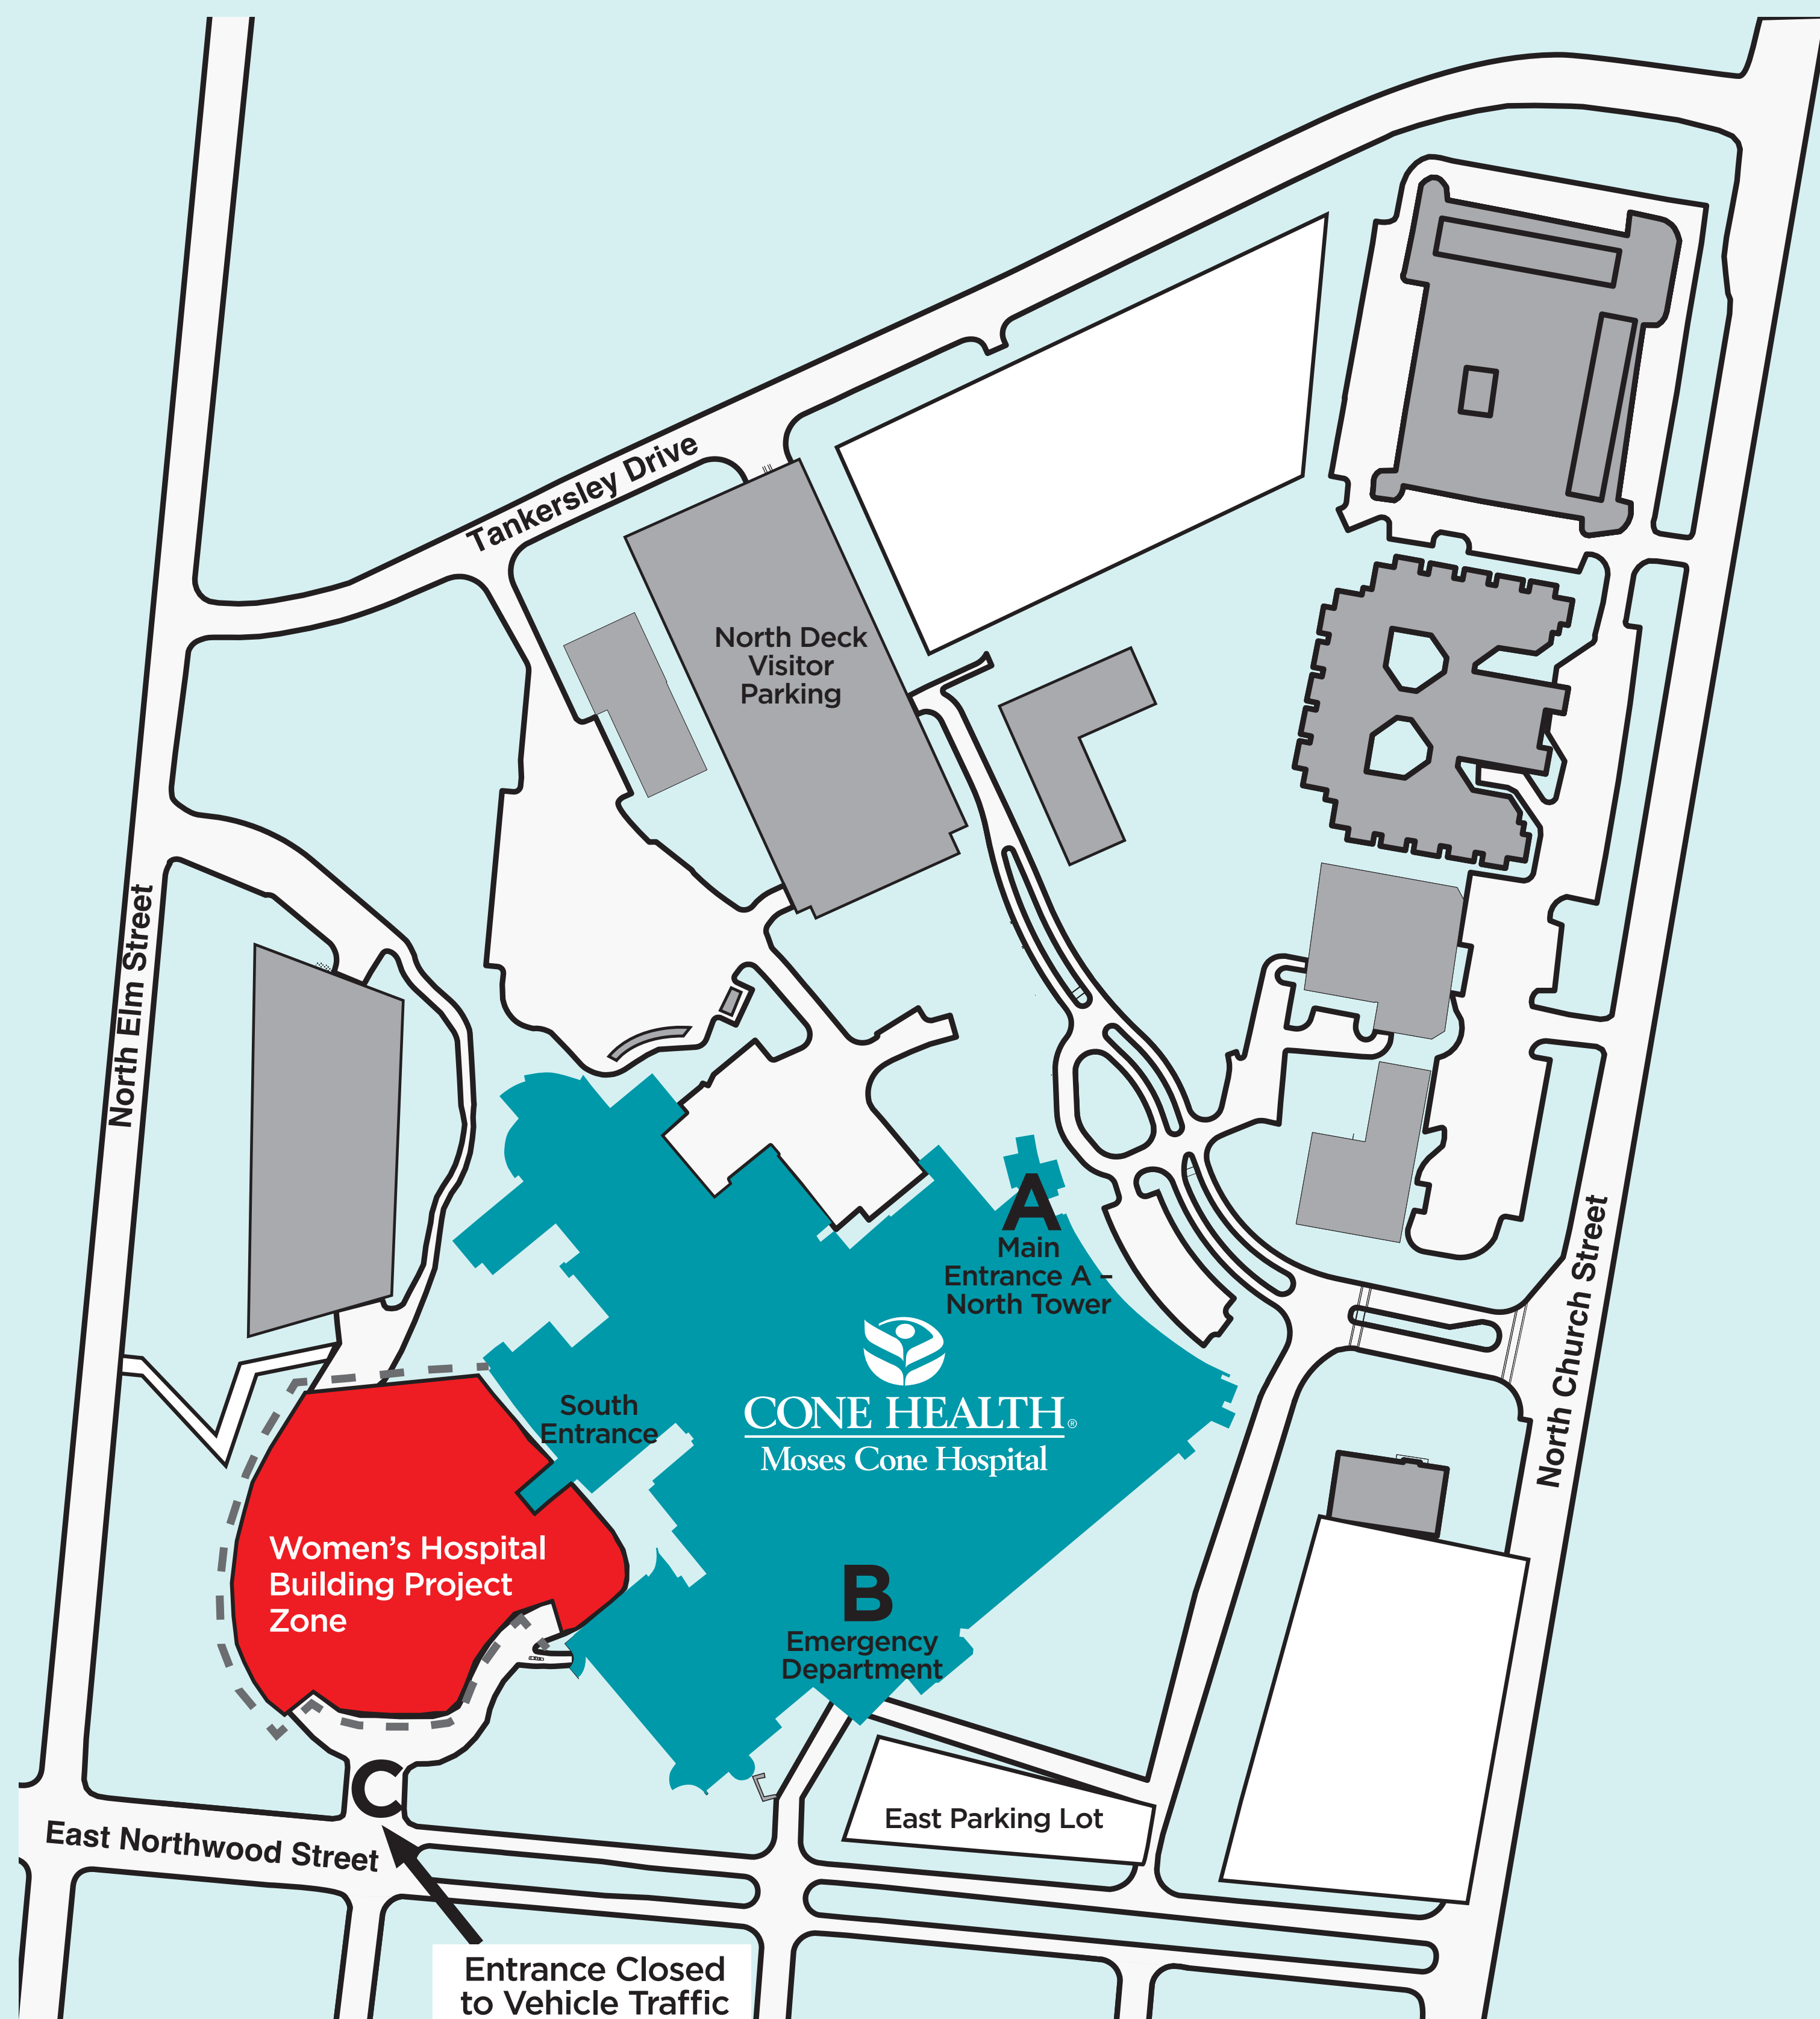

This entrance to Moses Cone Hospital will be closed to vehicle traffic beginning May 1, 2017 through 2019.

The closure of this entrance enables us to create the new Women's Hospital building, a facility to provide exceptional care for women and babies for decades to come.

Access to Moses Cone Hospital

Our Emergency Department entrance remains unchanged. It can be accessed from either Northwood Street or Church Street.

All other patients and guests should use the North Tower entrance from Church Street, which includes free valet parking.

CONE HEALTH IS BUILDING THE FUTURE OF EXCEPTIONAL CARE
FOR YOU, YOUR FAMILY AND OUR COMMUNITY.
