**There are two financial assistance programs available for uninsured patients at Cone Health:**

### **Financial Assistance Program (FAP)**

The FAP program is for North Carolina and Pittsylvania, Henry and Halifax counties of Virginia residents who are uninsured patients and have received hospital services with account balance(s) greater than or equal to \$10,000. Qualified uninsured patients who apply to participate in the FAP will be reviewed by the Cone Health Financial Counseling Department. A revenue cycle representative will review the patient FAP application. . If a patient fully cooperates with this process and no coverage is available, the account will be evaluated for financial assistance based on their income as compared to federal poverty guidelines (FPG). Patients with income less than or equal to 200% of FPG will receive a 100% discount. Patients between 201% and 400% of the FPG will qualify for partial discounts. Payment options are available to assist patients in paying their remaining balance.

### **Financial Assistance Scoring Program (FAS)**

The Financial Assistance Scoring program is for North Carolina, City of Danville Virginia, Pittsylvania, Henry and Halifax counties of Virginia residents who are uninsured patients and have received hospital services that resulted in a balance less than \$10,000. Each account will be automatically reviewed for a financial assistance discount prior to billing. Eligibility is based on a financial assistance score from a third party vendor that indicates the likelihood a patient lives in poverty. Patients with qualifying accounts will be extended an adjustment to their account as part of the financial assistance program.
